Serving suggestions

## Simply heat, chill & serve.

Our rich and smooth dessert pots makes it so easy to create luxurious desserts. Giving you a thick, indulgent, velvety texture every time.

Simply heat and chill, and they are ready to serve. They are not just easy to make, they also very easy to make your own. You can customise to make it your own by adding inclusions like fruit and alcohol.

Combine the Chocolate and Salted Caramel Pot for a Millionaires dessert. They are called pots as you can of course serve in a pot, but don't let that limit you, check out the inspired ideas such as tart cases on the recipe pages.
