SUSTAINABLE SOURCED NORWEGIAN

## *Sustainability*

All our products are created in house in the heart of North Yorkshire. Although we make quite a lot of smoked salmon these days, we still cure all our products by hand before loading them into our hand-fired and tended kilns. Creating the very best smoked fish is (in our eyes) an art form, which needs the human touch – there are no robotic smokers at Salmo.

At Salmo we believe that the future of our business is best served by respecting the interests of all our stakeholders: employees, customers, suppliers and the broader community and environment. We actively look for opportunities to improve the environment and to contribute to the wellbeing of the communities in which we trade. We are happy to let you know that all our Seriously Fish branded items come from sustainable sources.

So we use only the best. Our farmers have small farms which are located in the serenity of the Alps. Our cows are mostly in open stalls and lawns, fed primarily on grass, flowers and herbs.
