FRESHER

FOR

Cravendale is finely filtered through ceramic plates so it lasts longer than standard fresh milk. Nothing is added and it has the same levels of fat and protein, so there is no impact on taste or performance in coffee – milk perfection.

- UK's no.1 milk brand*
- Fresh pure milk, with nothing added
- Foams and steams consistently in coffee, with no impact on taste
- Filtered to last x2 longer than standard, reducing waste
- Farmer-owned, made with milk from British dairy farms

SKIP THE LACTOSE

NOT THE TASTE

- ✓ Performs just as well because it contains the same level of fat and protein. Only the lactose is filtered out
- ✓ Steams and foams consistently with no splitting, which can occur with dairy alternatives
- ✓ Small, tight microfoam to achieve latte art
- ✓ No impact on taste compared to standard fresh milk, so consumers avoiding lactose can enjoy the same coffee taste
- ✓ Wide range of sizes available from 20ml individual portions to 6x1lt packs
