How To Make a *Cheesecake Cookie Pie*

INGREDIENTS

- 59898 - Cookie Mix
- 44648 - 100g melted butter
- 67495 - 1 vanilla pod
- 6058 - 600g soft cheese
- 23081 - 100g icing sugar
- 6028 - 280ml double cream

Recipe

- Preheat your oven to 175°C and grease a 9-inch pie dish or deep-dish pie pan.

For the Cookie Base:

- Follow the instructions on the pre-made cookie mix package to prepare the dough. This typically involves mixing the cookie mix with butter and eggs.
- Once the dough is ready, press about 2/3 of the dough into the bottom of your prepared pie dish, making sure it's spread evenly across the bottom to form the base crust.

For the Cheesecake Filling

- Mix together soft cheese, icing sugar and vanilla seeds in a bowl, then beat with an electric mixer until smooth. Tip in the double cream and continue beating until the mixture is completely combined. Now spoon it onto the biscuit base and leave to set in the fridge overnight.

Summer Tiramisu Trifle

RECIPE:

Blend half of the strawberries and raspberries with the lemon juice and 1 tablespoon of icing sugar in a blender until smooth.

Strain the mixture into a small jug. In a bowl, beat the mascarpone, then add the yogurt, cream, vanilla, and 2 tablespoons of icing sugar; whip until soft peaks form.

Pour the cordial into a shallow dish and soak the sponge fingers in the liquid. Place half of them at the bottom of 8 short glasses or jars, pressing them down. Spoon 1 tablespoon of mascarpone cream on top of each, then drizzle with 1 teaspoon of coulis.

Slice any larger strawberries in half and scatter them over the coulis along with half of the remaining mixed berries. Repeat the layers with the rest of the soaked sponge fingers, mascarpone cream, coulis, and berries. Finish by garnishing with milk chocolate powder.

- 227g pack strawberries
- 1/2 lemon, juiced
- 3 tbsp icing sugar
- 125g mascarpone
- 125g 0% fat Greek yogurt
- 300ml pot whipping cream
- 1 tsp vanilla extract
- 6 tbsp elderflower cordial
- 120g sponge fingers
- Milk chocolate powder
